EXPORT DISCIPLINE

Shree JK Handloom was founded in Surat in 1990 by Mr. Anil Doshi, beginning with handloom products before turning decisively to velvet in 2002. The JK Velvet brand, launched in 2015, made the specialisation official: one fabric family, mastered completely. HemSambhav Impex gives that manufacturing depth a dedicated export house – documentation discipline, quality gates and direct communication from mill floor to loading bay.
